

Polyclonal goat antibody anti-human Collagen type IV

Description

Polyclonal goat antibody anti-human Collagen type IV (affinity-purified and cross-adsorbed)

Catalog Number 232

Amount 1 ml (0.1 mg)

Specificity

Native human Collagen IV. No cross-reactivity to human plasma proteins and human collagen types I, II, III and V

Preparation

Affinity purification on immobilized collagen type IV with cross-absorption to immobilised human blood plasma proteins and human collagen type I, II, III and V.

Format

Purified and lyophilized. Contains mannitol, dextran and salts

Applications and recommended dilutions

ELISA (x3000), Histochemistry (frozen sections) (x20). Not suitable for denaturing and dissociating conditions.

Reconstitution

Use 1 ml sterile pure water

Storage

Shipping at ambient temperature. Storage of lyophilized antibodies 2 years at -20°C or lower

RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC, DRUG OR HOUSEHOLD USE
