

Polyclonal rabbit antibody anti-human collagen type I, II, III, IV and V

Description

Polyclonal rabbit antibody anti-human collagen type I, II, III, IV and V

Catalog Number 358

Amount 0.5 ml (0.15 mg)

Specificity

Binds native 3D epitopes of human collagen type I, II, III, IV and V

Preparation

Affinity purification on immobilized human collagen type I, II, III, IV and V with cross-absorption to immobilized human blood plasma proteins

Format

Purified and lyophilized. Contains mannitol, dextran and salts

Applications and recommended dilutions

ELISA (x1000), Histochemistry (frozen sections) (x10-20). Not suitable for denaturing and dissociating conditions.

Reconstitution

Use 1 ml sterile pure water

Storage

Storage of lyophilized antibodies: 2 years at -20°C or lower. Storage of reconstituted antibodies: at -20°C or lower. Avoid multiple freeze-thaw cycles

RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC, DRUG OR HOUSEHOLD USE
