

Polyclonal goat antibody (purified IgG) to human Collagen type V

Description

Polyclonal goat antibody to human Collagen type V (purified IgG and lyophilised)

Catalog Number 431

Amount 0.2 ml

Specificity

Human Collagen type V. No affinity to other human plasma proteins

Preparation

Affinity purification on immobilised Protein G with cross-adsorption on immobilised human plasma proteins

Format

Purified and lyophilized. Contains lyophilized rabbit immunoglobulins (95%). Also contains mannitol, dextran and salts

Applications and recommended dilutions

ELISA (x20000), Histochemistry (frozen sections) (x50), Cell culture

Reconstitution

Use 0.2 ml sterile pure water

Storage

Shipping at ambient temperature. Storage of lyophilized product for 2 years at -20°C or lower

RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC, DRUG OR HOUSEHOLD USE
