

## **Polyclonal goat antibody anti-human IgM biotin conjugated**

### **Description**

Polyclonal goat antibody anti-human IgM conjugated to biotin (affinity purified and cross-adsorbed)

**Catalog Number** 808

**Amount** 1 ml (1 mg)

### **Specificity**

Specific to human IgM (heavy chain). No cross-reactivity towards human IgG, IgA and other human plasma proteins

### **Preparation**

Purification by affinity chromatography using immobilized human IgM with cross-adsorption against IgG and IgA. Gel chromatography after conjugation.

### **Format**

Antibody solution 1 mg/ml in the buffer (0.05M sodium phosphate pH 7.5) containing 50% glycerol and 5 mg/ml bovine serum albumin

### **Applications and recommended dilutions**

Western blotting, ELISA, Immunohistochemistry

### **Storage**

Shipping at ambient temperature. Storage at  $-20^{\circ}\text{C}$  for 2 years

RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC, DRUG OR HOUSEHOLD USE
